

Sport for Tomorrow 2014-2021

Sport for Tomorrow (SFT) was launched in 2014 as an initiative to promote the value of sport and the Olympic and Paralympic Movement for all the generations and the countries particularly focusing on developing countries through international exchange and cooperation on sport toward the Tokyo 2020 Olympic and Paralympic Games. Over the past eight years (FY2014-2021), SFT has been developed a consortium with its public-private partnerships and shared the value of sport with more than 13 million people in 204 countries and regions.

SFT moves into a new phase

- Connecting the world through sport, contributing to the social challenges -

After the Tokyo 2020 Games, SFT works on further contribution to create a better world through sport, by leveraging the legacy of Tokyo 2020 Games and strengthening its public-private partnerships through SFT Consortium.
